

COMMERCIAL RECYCLING

A guide for Atlantic County Businesses

ACUA

Atlantic County Utilities Authority

5 REASONS TO RECYCLE

1.

It's the Law

Recycling has been the law in New Jersey since 1987.

2.

It Saves Money

When a business recycles, there is less trash to throw away, which reduces costs for trash disposal.

3.

It Helps the Planet

Recycling conserves natural resources and saves energy.

STEPS TO SUCCESS

1. Designate Recycling Coordinator(s)

This person or group is responsible for starting the program, building support and enthusiasm, and monitoring progress.

2. Inform Janitorial Staff

Janitorial staff play a large role in recycling. They ensure items go from indoor recycling bins to the proper outdoor containers. They can also help to monitor which areas of your office or business need additional attention.

3. Perform a Waste Audit

A waste audit involves looking at your trash to determine which items are commonly thrown away, should be recycled or could be reduced.

4. Make Recycling Accessible

Try to place recycling bins next to every trash can. If employees or patrons have to walk far to reach a recycling bin, they may opt for the trash can. ACUA will provide

outdoor recycling containers (not intended for indoor use).

5. Get Employees on Board

An announcement should be made to all employees informing them about the program, why your organization will recycle, and the importance of participating. ACUA can provide outreach materials.

6. Monitor and Evaluate

Evaluate what works for your business and where problems exist. This data serves as the basis for effective communication efforts and program improvements!

4.

It Helps Your Town

For every ton of material recycled in a community, municipalities receive money through the New Jersey Municipal Tonnage Grant Program.

5.

It's Good for Business

Sustainability continues to grow in importance to customers. Recycling is a key environmental practice and a simple way to do your part.

WE CAN HELP

ACUA provides a variety of services to establish or grow your recycling program:

- FREE Waste Audits
- FREE Recycling Collection Services to most Atlantic County Businesses
- Recycling Program Startup Assistance
- Outdoor Collection Containers
- Employee Education
- Promotion/Recognition of Your Program

ACUA will provide outdoor recycling bins based on your need and size. Options include our 95-gallon recycling carts, two-yard or four-yard recycling dumpsters.
